

# Directions & Parking Arrangements at West Hill House B&B

*We live here and know the roads well—please read through our recommended directions and don't let your GPS\*or Google lead you astray!*

*From I-89 we recommend VT exit 10 coming from the north and VT exit 3 coming from the south. (Specifically, not exit 5, ever!) The exit 3 route is a nice drive in the warmer months in daylight.*

*(Note that there will be roadworks on the routes from both exit 9 and 10 during the summer of 2020. Where necessary please follow diversions.)*

*From I-87 head to Rutland VT, east on 4 & north on 100. (Do not follow a GPS route from I-87 as it will take you over some “interesting” back roads!)*

*We are 45 miles (72km) southeast of Burlington airport (BTV). Please note that while you can take a taxi from the airport (check with us for recommendations) there is NO local taxi nor Uber etc. in the Mad River Valley. At least one person in your party needs a car. All the main car rentals are available at the BTV terminal but do reserve ahead.*

*Call us if you'd like to arrive by Amtrack to Waterbury or by private plane to Warren/Sugarbush airport.*

## Our Location

Our address is 1496 West Hill Road, Warren, Vermont 05674. The Town of Warren is located in the middle of Vermont. We are 24 miles (39km) south west of the state capital Montpelier and 45 miles (72km) southeast—one hour by rental car—of the nearest commercial airport (BTV) in the state's largest town of Burlington. The Mad River flows through the town with Route 100 in its valley. The Northfield Ridge is east and the Green Mountains are on the west.

## Detailed Directions

The best way to get here from almost anywhere **north** of us, including commercial airports such as Burlington (BTV) and Montreal (YUL) is to drive to I-89 Vermont Exit 10 (Waterbury, VT). *(Please note there are roadworks in Waterbury in the summer of 2020.)*

- Then follow Route 100 south towards Waitsfield and Warren.
- After you pass through Waitsfield, watch out for a CITGO gas station about three miles (approx. 5km) south on your right, followed by a bridge over the Mad River which you will cross.
- Just over the crest of the hill, turn right onto the Sugarbush Access Road and drive for 3 miles (approx. 5km) to the intersection at the Sugarbush base where you will see the parking lot exit sign in front of you.
- Turn left onto Inferno Road and drive one mile (1.6km), then just past a 35 mph speed limit sign turn right onto West Hill Road and you will see the B&B in front of you.
- Once you arrive please follow the parking directions below.

The best way to get here from almost anywhere **south** of us, including commercial airports such as Boston Logan (BOS) and Manchester (MHT) is to drive to I-89 Vermont Exit 3.

- Then follow Route 107 west through Bethel until you join Route 100 north.
- Route 100 is a beautiful drive in daylight, but it is windy and goes through small towns with reduced speed limits so take care after dark—and watch out for animals and the Sheriff!
- Continue on 100 **past** the turn off to Warren and in one mile you will see West Hill Road on your left.
- In warm weather just follow it taking the left turn at each of the three forks you will come to and you will be here! Don't be intimidated by the “Snow Tires required” sign in summer!
- Once you arrive please follow the parking directions below.

*We **strongly** caution against taking Vermont Exit 5 from I-89 as it will take you over a steep pass on a gravel road, and you may also get lost.*

## If you are coming from SW Vermont or Interstate 87 in NY

From Albany, NY or further south or west our favorite route is through Troy, east on NY Route 7, then north on Vermont 7 – it is quieter and a generally beautiful route. Or just navigate to Rutland using your GPS. (Do not follow the GPS route from I-87 all the way to our B&B as it will take you over some “interesting” back roads!)

- From Rutland head east on Route 4 then north on Route 100.
- Route 100 is a beautiful drive in daylight, but it is windy and goes through small towns with reduced speed limits so take care after dark—and watch out for animals and the Sheriff!
- Continue on 100 **past** the turn off to Warren and in one mile you will see West Hill Road on your left.
- In warm weather just follow it taking the left turn at each of the three forks you will come to and you will be here! Don't be intimidated by the “Snow Tires required” sign in summer!
- Once you arrive please follow the parking directions below.

### Parking information:

Please do not stop on the roadway, even to load or unload, and please note the following guidance for parking:

- **For all rooms, except the Paris Suite and Garden Room**, please park in front of our red barn diagonally. Come across to the B&B and ring the doorbell to let us know you have arrived. If there is no space in front of the barn, continue past the front of the B&B to the south side, and use the parking area on the right of the road, nose-in parking facing the house.
- **For the Garden Room**, drive past the front of the B&B to the south side, use the parking area on the right of the road, nose-in parking facing the house, then come up the flagstone pathway to the door under the portico. Ring the doorbell at your private entrance to the room.
- **For the Paris Suite** drive up West Hill Extension on the right (north) side of the B&B about 100 ft (30m), turn left into the Paris Suite's private parking spot, then use the steps up to the deck. Ring the doorbell at your private entrance to the suite.

Please leave any wet or muddy footwear on the mats just inside the door—we suggest you bring a pair of indoor shoes to wear in the B&B. Should you find that you'll be later than about 9 pm, we'd appreciate a call and we'll give you instructions for your late arrival. We'll give you a proper welcome in the morning!

*\*As noted above, we caution against using your GPS once you get into Vermont as it will often take you on roads that you might have preferred to avoid. However if you do want to enter us as a destination, many GPS packages have West Hill House B&B listed as an attraction (under lodging or hotels), which is the easiest way to find it, or if you do use an address some use the standardized Post Office version of our road, which is W Hill Road, in Warren. (There are other West Hill Roads all over Vermont!) Also please note that cellphone coverage is NOT universal in Vermont; if you are using your phone as your GPS make sure your route is downloaded before you leave home.*
