

# Directions & Parking Arrangements at West Hill House B&B

*Below, we have posted detailed and up-to-date driving directions to our Warren, Vermont B&B. We live here and know the roads well—please read through our recommended directions and don't let your GPS\* or mapping website lead you astray! From I89 we recommend VT exits 9 or 10 (not 5) and don't use West Hill Road from Route 100 in winter, use the Sugarbush Access Road.*

*Call us if you'd like to arrive by Amtrak to Waterbury or by private plane.*

## Our Location

Our address is 1496 West Hill Road, Warren, Vermont 05674. The Town of Warren is located in the middle of Vermont. We are 24 miles (39km) southwest of the state capital Montpelier and 45 miles (72km) southeast—one hour by rental car—of the nearest commercial airport (BTV) in the state's largest town of Burlington. The Mad River flows through the town with Route 100 in its valley. The Northfield Ridge is east and the Green Mountains are on the west.

## Directions

**The best way** to get here from almost anywhere (except from SW Vermont and Interstate 87 in NY—see below for those), including all commercial airports such as Burlington (BTV), Montreal (YUL), Boston (BOS) and Manchester (MHT), is to drive to Vermont Exit 9 (Middlesex, VT) or 10 (Waterbury, VT) on Interstate 89 and take Route 100B or Route 100 respectively towards Waitsfield and Warren. After you come south through Waitsfield, watch for a CITGO gas station about three miles (about 5km) south on your right, followed by a bridge over the Mad River, which you will cross. Just over the crest of the hill, turn right onto the Sugarbush Access Road and drive for 3 miles (about 5km) to the intersection at the Sugarbush base where you will see the parking lot exit sign in front of you. Turn left onto Inferno Road and drive one mile (1.6km), then just past a 35 mph speed limit sign turn right onto West Hill Road and you will see the B&B in front of you. Once you arrive please follow the parking directions below.

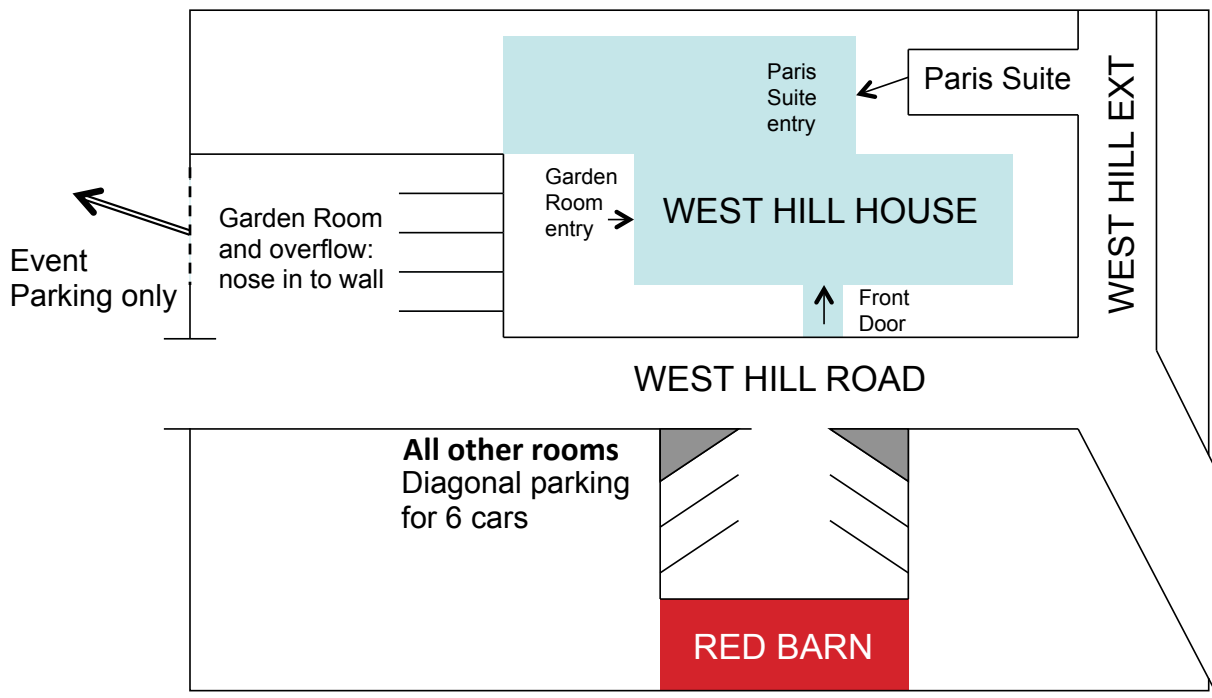

*(If you are coming from the south, arriving in daylight and the weather is good, Vermont exit 3 to Route 107 west to Route 100 north is a pretty route - just watch the speed limits! **We strongly caution against taking Vermont Exit 5** from I-89 as it will take you over a steep pass on a gravel road, and you may also get lost.)*

**If you are coming from SW Vermont or Interstate 87 in NY**, head first to Rutland VT. From Albany, NY or further south or west our favorite route is through Troy, east on NY Route 7, then north on Vermont 7. From Rutland head east on Route 4 then north on Route 100. Continue on 100 past the turn off to Warren and in one mile you will see West Hill Road on your **left**. In warm dry weather just follow it taking the left turn at each of the three forks you will come to and you will be here! (Don't be intimidated by the "Snow Tires required" sign in summer!) *As West Hill Road is steep and windy, in winter we recommend you drive about 2 miles (3 km) further to the Sugarbush Access Road on your left then drive for another 3 miles (about 5km) to the intersection at the Sugarbush base where you will see the parking lot exit sign in front of you. Turn left onto Inferno Road and drive one mile (1.6km), then just past a 35 mph speed limit sign turn right onto West Hill Road and you will see the B&B in front of you. Either way, once you arrive please follow the parking directions below. Route 100 is a beautiful drive in daylight, but it is windy and goes through several small towns with reduced speed limits so take care after dark—and watch out for animals.*

***Parking information on next page...***

## Parking

Please do not stop on the roadway, even to load or unload, and please note the following guidance for parking:

- **For all rooms, except the Paris Suite and Garden Room,** please park in front of our red barn diagonally. Come across to the B&B and ring the doorbell to let us know you have arrived; then come on in. If there is no space in front of the barn, continue past the front of the B&B to the south side, and use the parking area on the right of the road, nose in parking facing the house.
- **For the Garden Room,** drive past the front of the B&B to the south side, use the parking area on the right of the road, nose in parking facing the house, then come to the door under the portico up the flagstone walkway. Ring the doorbell at your private entrance to the room.
- **For the Paris Suite** drive up West Hill Extension on the right (north) side of the B&B about 100 ft (30m), turn left into the Paris Suite's private parking spot, then use the steps up to the deck. Ring the doorbell at your private entrance to the suite.

Please leave any wet or muddy footwear on the mats just inside the door—we suggest you bring a pair of indoor shoes to wear in the B&B. Should you find that you'll be later than about 9 pm, we'd appreciate a call and we'll give you instructions for your late arrival. We'll give you a proper welcome in the morning!

*\*As noted above, we caution against using your GPS once you get into Vermont as it will often take you on roads that you might have preferred to avoid. However if you do want to enter us as a destination, many GPS packages have West Hill House B&B listed as an attraction (under lodging or hotels), which is the easiest way to find it, or if you do use an address some use the standardized Post Office version of our road, which is W Hill Road, in Warren. (There are other West Hill Roads all over Vermont!) Also please note that cellphone coverage is NOT universal in Vermont; if you are using your phone as your GPS make sure your route is downloaded before you leave home.*
